“ Fab show as ever and new products arriving in Fodder shortly! ”

Heather Parry, Fodder Farm Shop, Harrogate

“ Harrogate Speciality Food Show is the reason why regional food shows are so important. They represent an exciting and efficient way for buyers, from all sectors of the trade, to see first-hand what's new and where their next big launch might be coming from, or what start-up producers are offering in terms of new trend and direction ideas. We will certainly be visiting Harrogate next year! ”

Scott Winston, Harrods

“ I loved the dragon's den idea it was great fun and may lead to me getting some work, so a fantastic effort – thank you. ”

Stephanie Moon, All Things Food

“ I found the show really useful to look for new ideas and trends whilst being able to touch base with current suppliers. There was a great buzz about the place and the interactive theatre was a real learning opportunity ”
